

TRAINING PROPOSAL · SKILLS SERVICE

# Copilot for your team

A 15-hour in-person training for Maurel & Prom's team to adopt **Copilot** within the Microsoft 365 environment it already uses daily: writing, analysis, meeting minutes, work in Excel and Word, and building your own agents and flows.

CODE: CAI-021

MAUREL & PROM VENEZUELA

# Maurel & Prom already pays for Copilot within Microsoft 365. The team still doesn't know how to make the most of it.

Maurel & Prom works daily in **Microsoft 365** (Word, Excel, PowerPoint, Outlook, Teams), and that same environment already has Copilot built in. Without structured training, the team across both sites uses it sporadically or not at all, and the company leaves on the table the productivity it already has available.

## DIAGNOSIS

- 01** The team uses Microsoft 365 every day, but Copilot remains unactivated or underused.
- 02** Without a method for writing instructions (prompting), results depend on who tries it and how.
- 03** Repetitive tasks in Word, Excel, and Outlook are still done by hand.
- 04** Meeting minutes and follow-up in Teams don't take advantage of what Copilot can already solve.
- 05** Leadership wants a deliberate rollout across Caracas and Maracaibo, not an activation without support.

## 02 · OBJECTIVES

# Where we're taking the team.

**GENERAL OBJECTIVE**

**Develop in Maurel & Prom Venezuela's team the ability to use Microsoft Copilot within its Microsoft 365 environment, through deliberate practice with real company cases, to gain productivity in writing, analysis, and meeting minutes with responsible use of information.**

**SPECIFIC OBJECTIVES**

- 1** Understand Copilot fundamentals and apply effective prompting in Copilot Chat.
- 2** Integrate Copilot into real tasks in Word, Excel, Outlook, and Teams.
- 3** Build a first agent of your own and get introduced to the flows that automate repetitive tasks.
- 4** Adopt a common protocol for verification, privacy, and best practices, replicable across the whole team.

# 5 modules · 15 hours.

FUNDAMENTALS, PROMPTING, DAILY USE, AGENTS AND FLOWS, RESPONSIBLE ADOPTION

## I

### Copilot Fundamentals

*Understands what Copilot is within Microsoft 365 and tells apart its real capabilities from its limits.*

- 1.1 What Copilot is
- 1.2 Copilot in Microsoft 365
- 1.3 Scope and limits
- 1.4 Guided first contact

## II

### Effective Prompting

*Writes clear instructions in Copilot Chat that produce reliable, verifiable results.*

- 2.1 Prompt anatomy
- 2.2 Context and files
- 2.3 Iteration
- 2.4 Verifying results

## III

### Daily Use

*Applies Copilot in Word, Excel, Outlook, and Teams in real day-to-day tasks.*

- 3.1 Word and Excel
- 3.2 Outlook and Teams
- 3.3 Meeting minutes
- 3.4 Applied mini-project

## IV

### Agents and Flows

*Builds a first agent of your own in Copilot and gets introduced to the flows that automate repetitive tasks.*

- 4.1 What an agent is
- 4.2 Guided building
- 4.3 Introduction to flows
- 4.4 First simple flow

## V

### Responsible Adoption

*Puts together a safe usage protocol and a 30-day adoption plan for the whole team.*

- 5.1 Data privacy
- 5.2 Verification and judgment
- 5.3 Own usage protocol
- 5.4 30-day adoption plan

## MODULE 1 · IN-PERSON

# Module I: Copilot Fundamentals

3 h

## TOPICS

1.1 What Copilot is in Microsoft 365

1.2 Copilot Chat vs. Copilot in each app

1.3 Scope and limits: what it solves and what it doesn't

1.4 Guided first contact

## TIME · TOTAL 3 H

30' Key concepts

45' Guided demo

75' Guided practice

30' Wrap-up and questions

## TEACHING STRATEGIES

- Live guided demo
- Interactive class
- Socratic questions
- In-the-moment feedback

## LEARNING STRATEGIES

- Opening plenary
- Individual guided practice
- Observation with checklist

## RESOURCES AND ENVIRONMENTS

- Microsoft 365 with Copilot
- Maurel & Prom demo documents
- Digital workbook

## MODULE II · IN-PERSON

# Module II: Copilot Chat and Prompting

3 h

## TOPICS

2.1 Anatomy of a good instruction

2.2 Context and your own files

2.3 Iteration and refinement

2.4 Verifying results

## TIME · TOTAL 3 H

30' Key concepts

45' Guided demo

75' Practice with feedback

30' Wrap-up

## TEACHING STRATEGIES

- Live guided demo
- Socratic questions
- In-the-moment feedback on instructions

## LEARNING STRATEGIES

- Individual instruction writing
- Iteration with feedback
- Learning log

## RESOURCES AND ENVIRONMENTS

- Copilot Chat
- Instruction templates
- Maurel & Prom real cases

## MODULE III · IN-PERSON

# Module III: Copilot in Day-to-Day Work

3 h

## TOPICS

3.1 Word: writing and summarizing

3.2 Excel: assisted analysis

3.3 Outlook: emails and calendar

3.4 Teams: meeting minutes

## TIME · TOTAL 3 H

20' Demo

130' Practice with real cases

30' Wrap-up

## TEACHING STRATEGIES

- Live demo per application
- Mini-project coaching

## LEARNING STRATEGIES

- Solving an applied mini-project
- Pair work

## RESOURCES AND ENVIRONMENTS

- Word, Excel, and Outlook
- Microsoft Teams
- Maurel & Prom real cases

## MODULE IV · IN-PERSON

# Module IV: Agents and Flows with Copilot

3 h

## TOPICS

4.1 What an agent is and when to build one

4.2 Guided building of an agent of your own

4.3 Introduction to flows with Copilot

4.4 First simple flow connected to Copilot

## TIME · TOTAL 3 H

30' Agent and flow concepts

90' Guided building of your own agent

45' Introduction and first flow

15' Wrap-up

## TEACHING STRATEGIES

- Guided agent-building demo
- Step-by-step support
- Socratic questions

## LEARNING STRATEGIES

- Guided building of your own agent
- Assembling a first simple flow
- Learning log

## RESOURCES AND ENVIRONMENTS

- Copilot (agents)
- Power Automate (flows)
- Maurel & Prom real cases

## MODULE V · IN-PERSON

# Module V: Responsible Adoption

3 h

## TOPICS

5.1 Corporate data privacy

5.2 Verification and critical thinking

5.3 Own usage protocol

5.4 30-day adoption plan

## TIME · TOTAL 3 H

45' Co-building the protocol

90' Plans per participant

45' Wrap-up and commitment

## TEACHING STRATEGIES

- Collaborative building facilitation
- Group coaching

## LEARNING STRATEGIES

- Collaborative work
- Individual plan presentation
- Public commitment

## RESOURCES AND ENVIRONMENTS

- Personal plan template
- Protocol repository

# What you'll walk away with .

## RESULTS

A team using **Copilot with method** in Word, Excel, and Teams, not sporadically.

A responsible usage protocol, replicable across the whole company.

A personal 30-day adoption plan, per participant.

## WHY SKILLS

Before building any policy or automation, the team needs to know how to use the tool it already has licensed: **Skills** installs that capability through real practice, not theory.

## DELIVERABLES

- **Personal kit of instructions (prompts) for Copilot Chat.**
- **An agent of your own, built in Copilot, with area-specific knowledge.**
- **Responsible Copilot usage protocol at Maurel & Prom.**
- **Personal 30-day adoption plan per participant.**
- **Digital workbook and INTEZIA certificate of participation.**

## IMMEDIATE VALUE

- **First draft written with Copilot from session 1.**
- **Instruction method applicable right away in Word and Excel.**
- **Meeting minutes solved in minutes, not hours.**
- **A first simple flow built on a real repetitive task.**

# The evidence leaves no room for doubt.

## COPILOT USERS REPORTING IMPROVEMENTS BY TASK TYPE

Source: Microsoft — Work Trend Index Special Report: "What Can Copilot's Earliest Users Teach Us About Generative AI at Work?" (November 2023).

4×

FASTER AFTER A MEETING

- ▶ 7 out of 10 Copilot users say they're more productive, and nearly 8 out of 10 don't want to stop using it once they try it. The difference isn't the tool, it's knowing how to use it.

# ECONOMIC PROPOSAL

DURATION

5 modules · 15 hours total · in-person, 2 groups (Caracas and Maracaibo).

PROGRAM

Copilot for Your Team (CAI-021)  
5 modules · 15 hours · In-person, 2 groups (Caracas and Maracaibo)  
5 sessions of 3h each, within Maurel & Prom's Microsoft 365 environment

NOTES

General-scope proposal: number of participants per site to be confirmed with the client.

IMPORTANT

This service is provided under our [terms and conditions](#). By proceeding with this proposal, both parties accept them.

# How we get started.

# 01

## We confirm dates

We define the dates for the 5 in-person sessions in Caracas and Maracaibo.

# 02

## Access and logistics

We coordinate space, participants, and schedule for the 5 sessions at each site.

# 03

## Kick-off meeting

30-minute meeting to align the training's real cases with the team.

Maurel & Prom, with its team using Copilot with method, agents, and flows of its own.

STEP 1

**Fundamentals and prompting**

STEP 2

**Daily use, agents, and flows**

STEP 3

**Responsible usage protocol**
